Skills

3D– Developed wood shop skills, experienced on a variety of tools including the table saw, band saw, joiner, plainer, and router. Basic knowledge of welding, casting, and mold making, with the ability to pick up new skills quickly when taught.

2D– Skilled in fast sketching and detailed drawings of ideas.

Other Experiences

Woodshop Monitor/Technician Assistant. RISD, Providence
Worked for RISD's Sculpture department under Technician Doug Borkman, working to uphold the safety of students, moderate repair of machines and cleanliness and organization.

Teaching Assistant, RISD, Providence, RI, 2006
Worked for RISD's pre college program with teacher Ben Anderson, working with the students ages 15–18, helping with material problems, conceptual development, and giving slide shows on modern sculptors.

Teaching Assistant/Studio Assistant, Hot Mud Pottery Studio, Dobbs Ferry, NY, 1999–2004
Worked with studio teachers in teaching beginning hand building classes to students ages 9–16, helping keep the studio clean and organized, keeping the children focused and happy, helping with the firings.
